Instructions for Assignment # 1
ANTH135 Visual Anthropology
Due by Tuesday, January 28

Read Sontag’s *On Photography*. Note that there are no images although Sontag discusses many photographs. Each student will search the Internet for one image discussed by Sontag.

1) **Two-Page Response paper**
Write a two-page response to this image. Include Sontag’s discussion, the URL of the image Sontag discusses, and the page number(s) from Sontag.

2) **Post an electronic copy on the class website under “Assignment 1: Student Posts” by Tuesday January 28.** Read all student assignments.

3) **Hand in hard copy.** Print out a copy of your response paper, print out a copy of the image (URL and Sontag page), and hand in a hard copy to the instructor in class by Tuesday, January 28. Late papers will have points deducted from the final grade.

4) **Post on Turnitin logo Assignment 1**

**Note:** The early bird gets the worm! First check the Assignment 1: Student Posts. If someone has already posted a discussion of this same image, you must find a different photograph to post and discuss. In this way, we hope to view and discuss as many Sontag references as possible. All these posted images will also be tested on the midterm and final. It is important for you to view all your fellow students’ images regardless of when you posted. Selected images from Sontag posts will be included in the midterm and final.
